

## GEA

Uno smart-speaker innovativo pilotato da una app dedicata che consente una gestione multi-room completamente indipendente per ogni ambiente via WIFI e cavo di rete o addirittura si può configurare un sistema stereo completamente wireless. Inoltre è possibile collegarsi tramite Bluetooth o cavo AUX. Le elevate performance assicurano una diffusione acustica omogenea e compiacente a tutti i livelli di volume.

*An innovative smart-speaker driven by a dedicated app that allows completely independent multi-room management for each room via WIFI and network cable or even a completely wireless stereo system can be configured. You can also connect via Bluetooth or AUX cable. The high performances ensure a homogeneous and compliant acoustic diffusion at all volume levels.*
